- Enter **Case Number** if known.

- If case number is unknown you may also search by **File dates or Last Entry dates**. If you enter dates in these fields, the system will give you a list of all cases that match your search clues.
- Click on appropriate case to enter query.
- Another method for searching is by name. You must enter a minimum of two characters in the last name field. You can enter business names in the last name field as well. The system will provide you with a list of all cases that match your search clues.
- Click on appropriate case to enter query.

If no case matches are found, click the **Back** button to enter new search clues.

STEP 3 When a case is selected, the system will display the **Query** screen.

- Click on **Related Transactions**.

STEP 4 The system will display the **Related Transactions** screen.

You may pull up the related transactions with a number of different options.

- If you want to limit the view to documents either Filed or Entered during certain dates you can enter those dates and that will be the only documents that will appear. Dates must be entered in the appropriate boxes for this option.
- If you want to limit the view to known documents you can enter those document numbers and that will be the only documents that will appear. Document numbers must be entered in the appropriate boxes for this choice.
- You may only want to view a certain type of document, i.e. you only want to view motions. Select the type of document from the **Document type** drop-down list.
- You may view either pending documents or terminated documents or both together. Check the boxes that apply.
- You may view your related transactions by Filed Date, Entered Date, or Document Number by changing the **Sort by** criteria.

Click **Run Query**.
